

NOTICE 8 of 2022

HERITAGE PRACTITIONER VOLUNTARY ASSOCIATIONS

Heritage Western Cape has observed that some local authorities and other state-supported bodies are requiring membership of voluntary associations such as the Association of Professional Heritage Practitioners (APHP) when tenders are to be submitted by Heritage Practitioners.

Please note that Heritage Practitioners who register as members of voluntary associations do not have a different legal standing compared to those Heritage Practitioners who opt not to acquire such memberships.

Heritage Western Cape does not require Heritage Practitioners to register as members of voluntary associations.
