Item 12.5 - Proposed clearance of vegetation on Portions 10 and 129 Farm Welmond Estate, Stellenbosch, S38(8)-NID (CH)

Case No: 22101305CH1012E

- HWC was informed on 9 September 2022 that unauthorised work had commenced on Portion 10 and 129, Farm Welmond Estate, Stellenbosch.

- HWC instructed the owners to cease work and the owners were informed that a site inspection would be undertaken on 13 September 2022.
- HWC officials were met on site with Mr. Leslie, Mr. Julian and Mr. Barry Zetler where it was noted that the work had continued irrespective of being instructed to cease work. It was noted that mature trees and vegetation were being removed with the use of earth moving machines as well as trackers with trailers transporting the removed vegetation.
- A stop works order was issued not based on the type of trees removed but that the trigger was to a change in character of a site larger than 5000sqm in terms of Section 38(1)(c)(i) of the NHRA. Subsequent communications have indicated that the stop works order has been disregarded and that work had continued on site.
- On 12 October 2022, a site inspection was undertaken by the Stellenbosch Municipality on behalf of DEADP. The findings revealed that work was done on the riverbank, mostly associated with the clearance of alien vegetation on the overgrown southern bank of the river. Towards Annandale Road there was a pile of rocks removed from the sections of the farm in preparation for the planting of strawberries, tomatoes and other crops.
- DEADP further confirmed that the work triggered Activity 19, Listing Notice 1 of NEMA.
- HWC received a Notice of Motion on 13 October 2022 stating that an application was made to the high court by the neighbouring farmers for an urgent interim interdict against the owners of Portion 10 and 129 until the necessary applications have been applied for.

and Theewaterskloof, S38(8)-HIA Phase 2
Case No: 20083107SB0930E**

Ms Stephanie Barnardt-Delport introduced the item.

DISCUSSION

- An email decision was taken on the 12th of October to issue a final comment for the proposed new confined animal feeding operations on portions of the farms Boontjieskraal 417 and Klipheuvel 416, located west of Caledon. As result of the project been at risk of being rejected if no comment from HWC was received before Monday, October 17.

FINAL COMMENT

The HOMs Committee resolved to endorse the revised HIA prepared APAC dated September 2022 as meeting the requirements of section 38 (3) and support the recommendations of the HIA on p. 49 along with the addition recommendation as follows:

1. From a cultural heritage point of view the finds are of low significance and no further mitigation is required or recommended.
2. The subterranean nature of potential resources (including low stone-packed or unmarked graves) should however still be taken into consideration during the construction phase.

3. Should any previously unknown or invisible sites, features or material be uncovered during any development actions then an expert should be contacted to investigate and provide recommendations on the way forward.
4. Finally, it is recommended that the proposed developments be allowed to continue, taking into consideration the recommendations put forward above.
5. If any archaeological material or evidence of burials is discovered during earth-moving activities all works must be stopped and Heritage Western Cape must be notified immediately.

FINAL COMMENT

The HOMs Committee resolved to endorse the HIA prepared CTS Heritage dated August 2022 as meeting the requirements of section 38 (3) and support the recommendations of the HIA on page 35 to 36 along with the recommendations as follows:

- A no-go buffer area of 100m must be implemented around rock art Site 002 to ensure that no indirect impact takes place. This site should also be marked as no-go on all development maps and SDPs.
- A no-go buffer area of 50m must be implemented around Site 007 to ensure that no indirect impact takes place. This site should also be marked as no-go on all development maps and SDPs.
- The proposed road alignment is amended to limit impact to the stone wall (Site 006) by utilising the existing gap and disturbed section of the wall and limiting the proposed new road footprint to a 10m corridor at the position where the new proposed road crosses the existing stone wall.
- A Heritage Agreement and Management Plan is developed in conjunction with HWC to ensure the ongoing conservation and management of the rock art Site 002
- The Chance Fossil Finds Procedure (Appendix 3) must be implemented for the duration of construction activities
- Should any buried archaeological resources or burials be uncovered during the course of development activities, work must cease in the vicinity of these finds. Heritage Western Cape (HWC) must be contacted immediately in order to determine an appropriate way forward.

12.5 Proposed clearance of vegetation on Portions 10 and 129 Farm Welmond Estate, Stellenbosch S38(8)-NID
Case No: 22101305CH1012E

Ms Chane Herman introduced the item.

Mr Leslie Zetler, Ms Berta Hayes, Ms Retha Eastes and Ms Corlie Smart was present and took part in the discussion.

DISCUSSION

- The site is situated within the Winelands Cultural Landscape.
- The Stellenbosch Municipality supports the proposed removal of vegetation and notes the following: the sites are not heritage sites or declared heritage resources; the sites are not situated immediately along the scenic route; there are no heritage resources on the two farms; and the primary use of the land is dominantly vineyards.
- The site is within Green/grey and unknown area on the SAHRIS palaeosensitivity map.
- There is no reason to believe that heritage resources will be impacted on.
- The Committee is only considering the clearance of vegetation.
- The Committee will request with the CEO if the stop works order can be lifted.

DECISION

The Committee resolved that no further studies are required as the current NID only relates to the vegetation clearing. Any further activities that trigger the NHRA, i.e., the polytunnels noted during the meeting, will require the submission of a NID to HWC before any work can commence.

**12.13 Site Development Plan Amendment on RE of Erf 9209, 26 Optenhorst Street, Paarl, S38(8), HIA
Case No: 16081003AS0524M**

Ms Corne Nortje introduced the item.

DISCUSSION

- In 2017, HWC supported an HIA for the proposed rezoning of the farm and a Site Development Plan for a retail centre, offices and residential development submitted in terms of a section 38(8) of the NHRA. The DEA&DP subsequently approved the development in terms of NEMA and the Drakenstein Municipality approved the rezoning.
- New investors came on board the development and have made minor changes to the SDP.
- The proposed development entails a retail shopping centre to be located in a semi-rural/urban landscape. To lessen the impact on the scenic routes of Main Road and Optenhorst Road, tree planting is proposed along these routes as well as planting of vines. The planting of vegetation mitigates any possible negative impact on heritage resources in the area.
- The case officer recommends the revised SDP for approval due to the changes that reflect a reduction of the GLA and parking spaces which makes for a more compact development not impacting heritage resources negatively.

FINAL COMMENT

The HOMs Committee resolved to endorse the revised Site Development Plan numbered SDP_00_000 – Rev 2, SDP_00_010, SDP_00_011 – Rev 5, SDP_10_000, SDP_10_001 – Rev 11, SDP_10_100 – Rev 7, SDP_13_001 – Rev 3, SDP_14_001 – Rev 2 prepared by SVA, dated 28 August 2022 and 29 October 2021.

- The committee noted that Masterplan Layout (Figure 7.1).
- The consultation period has concluded, and no objection was received.

FINAL COMMENT

The HOMs Committee resolved to endorse the HIA prepared CTS Heritage dated August 2022 as meeting the requirements of section 38 (3) and support the recommendations of the HIA on page 53 to 54 along with the recommendations as follows:

- The preferred Masterplan Layout (Figure 7.1) is preferred from a heritage perspective
- A 100m setback from the intersection of the R319 and the secondary road is proposed to mitigate the negative impact to this gateway node. It is recommended that this area be appropriately landscaped to ensure adequate placemaking of this gateway area.
- An appropriately landscaped 30m setback is proposed along the R319 to ensure that negative impact to the scenic route is mitigated, and to mark the transition from the rural agricultural context into the more urban context of Bredasdorp
- The existing access roads through the development area are maintained and enhanced in the proposed development layout.
- It is recommended that the Guidelines attached as Appendix 1 be adhered to.
- The recommendations included in Chapter 6 of the VIA (Appendix 6) must be implemented including the request for detailed landscaping plans at the SDP Precinct Stage, with specific focus on the detailed landscaping buffers along the R319 in the SDP for the Phase 1 Precinct
- Should any buried archaeological heritage resources or human remains be uncovered during the course of development, work must cease and HWC must be contacted immediately regarding an appropriate way forward.
